

Bio of Katie Rooney

My name is Katie Rooney and I would be honored to serve on the Vestry. I've been a member for over fifteen years and have served on a variety of ministries and participated in many of the formation opportunities offered.

After newly attending services for a few months I went through the new member classes and officially joined St. Michael's. I made strong connections with my fellow classmates and most of our group joined the new member ministry and served together for many years. Some years later I was selected to serve on the search committee when Brian Taylor retired. Recently, I participated in the four-year education for ministry course and graduated with five other members of this church. Along the way I co-taught Sunday school for two years, was a eucharist server to our home-bound members, and helped out at Camp Stoney when we had our church retreats.

Through my time here at St. Michael's, I have found a place I proudly call my spiritual home. I have felt so supported in my journey by this amazing community and I would to give back by serving on the Vestry. Thank you for your consideration.
